

Oxera's offices are a five-minute walk from the railway station. Taxis are always available at the station. Park & Ride buses run regularly from the five car parks to the city centre. There are traffic restrictions in the city centre, as shown on the map, between 07.30 and 18.30. We therefore recommend that you use the Park & Ride service, as parking in the city centre is very limited and expensive.

NB: On this map, the Park & Ride pick-up and drop-off points are represented by the initial letter of the name of the service in a yellow triangle (eg, **S** for Seacourt).
