Profile

Paul heads up Oxera's Business Support functions, as well as working with the consultancy teams to deliver the operational plans. He chairs Oxera's Executive Committee and is a member of the Governing Board. He is an MBA, as well as a qualified accountant in both the UK and USA, with experience working with accountants, lawyers and management consultants.

After working with Deloitte and PWC in various audit and advisory roles in the UK and USA, he moved into wider business development and expansion roles. These included the opening of new offices, new product development, and merger and acquisition activity within Europe. He has expertise in a range of business areas including finance, human resources and change management, process improvement and IT, marketing and business development, as well as legal and administration.
