## Expertise

- Antitrust
- Antitrust Damages
- Collective and class actions

## Sectors

- Transport

## Profile

Jeremy is a member of Oxera's Competition and Transport teams. He has particular expertise in competition-related investigations and disputes, having advised firms in cases relating to horizontal and vertical agreements and abuse of dominance as well as damage quantification. Jeremy has experience working across a variety of industries including transport, financial services, communications and retail. He has considerable international experience, having advised clients in Canada, France, Germany, Poland and the UK.

Before joining Oxera, Jeremy completed a Master's degree in Economics at École Polytechnique in France. During his studies, he specialised in macroeconomics and econometrics, completing an internship in the economics department of an investment bank.

## Selected professional experience
